

KEY BENEFITS OF MOBISOFT'S IPAD VISITOR MANAGEMENT SYSTEM

A flexible, secure, and customizable iPad visitor registration solution to digitize your front desk and deliver an exceptional guest experience.

Branded & Customizable Interface

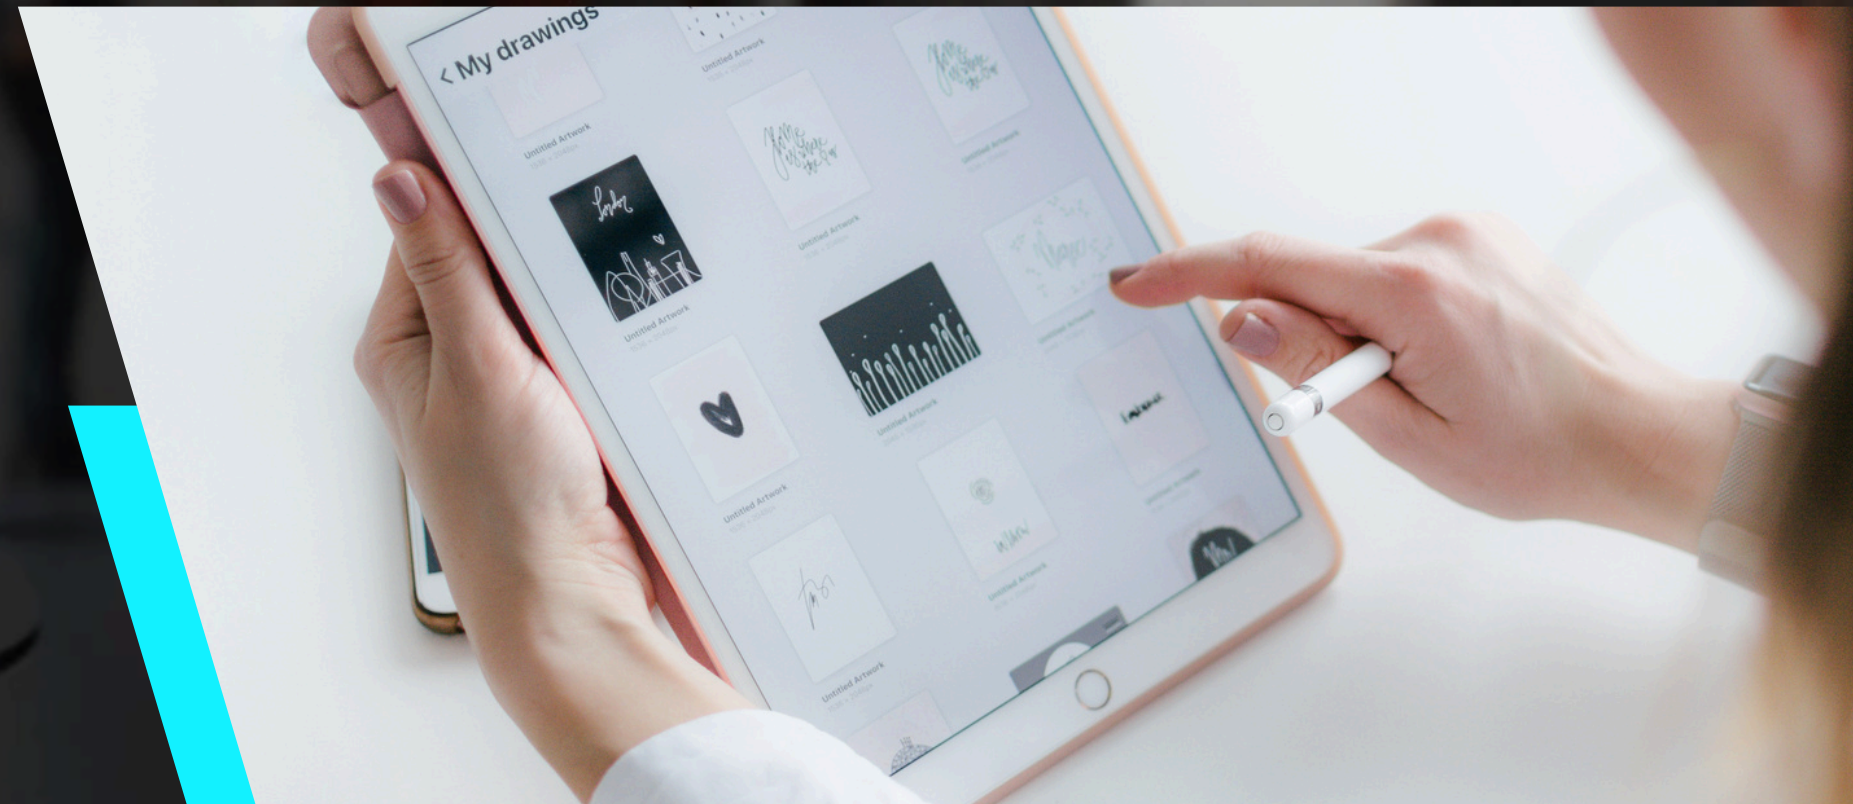

First Impressions Matters

- Welcome guests with a professionally branded sign-in screen
- Customize logos, colors, and layout to reflect your brand identity
- Offer a polished and tech-forward front desk experience

Quick & Centralized Deployment

Deploy with Ease, Manage at Scale

- Rapid iPad setup and onboarding
- Centralized admin dashboard for real-time monitoring and control
- Scalable for single and multi-location environments

Robust & Scalable Technology

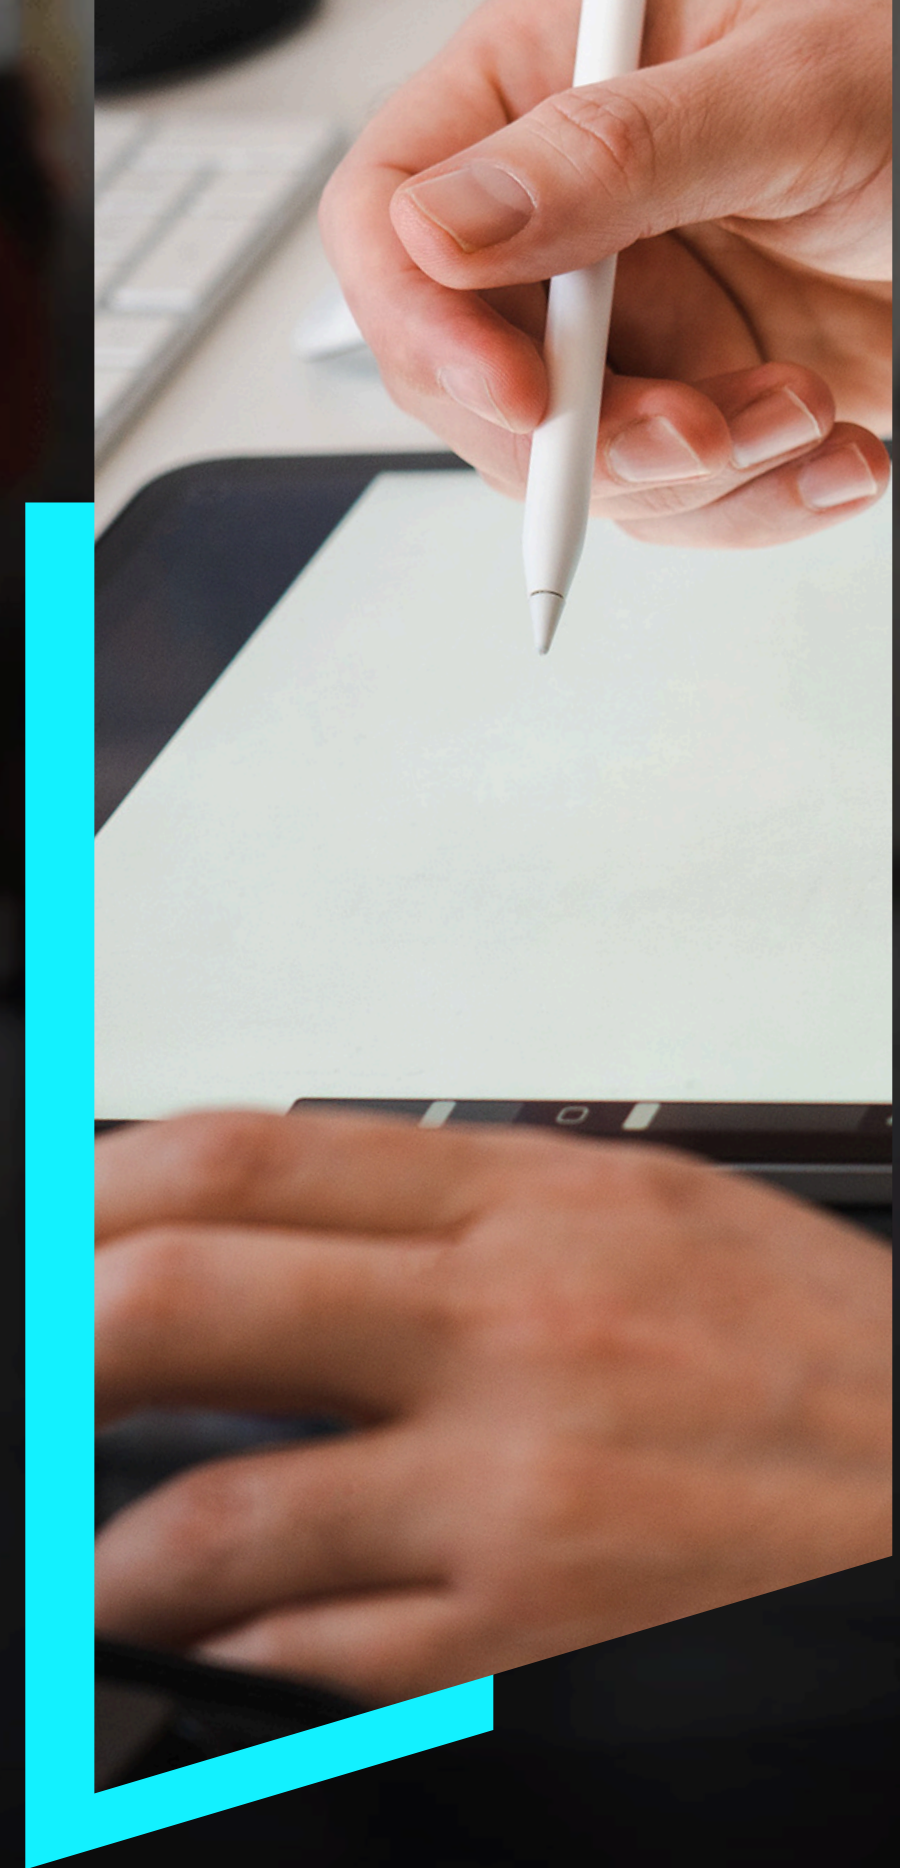

Built for Performance and Growth

- Reliable technology stack powering the system
- Scalable architecture to support enterprise-level usage
- Regular updates for enhanced stability and performance

Tailored Features & Integrations

Customize to Fit Your Workflow

- Add custom features based on your specific needs
- Support for multi-device setup and third-party integrations
- API-ready system for seamless integration with your existing tech stack

Support for Multiple Visitor Types

Flexible Workflows for All Guests

- Accommodates visitors, vendors, contractors, and interviewees
- Create unique check-in flows for each visitor category
- Enhance experience while maintaining operational efficiency

Reduced Administrative Overhead

Save Time and Operational Costs

- Eliminate paper registers and manual entries
- Reduce front desk staffing needs with automation
- Improve productivity and resource allocation

Enhanced Security & Compliance

Track, Monitor & Safeguard Access

- Digital visitor logs with instant searchability
- Real-time notifications and host alerts
- Meet data privacy and compliance requirements (e.g., GDPR)

Superior Visitor Experience

Professional. Private. Seamless.

- Intuitive user interface for fast check-ins
- Respect visitor privacy with secure data handling
- Personalized greetings and host notifications create a warm welcome

Dedicated Support & Engagement Model

Partner with a Team That Cares

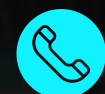

- Dedicated technical and support team
- Fully managed onboarding and customization
- Continuous support to evolve with your business needs

Let's Transform Your Front Desk Experience

Ready to digitize and modernize your visitor check-in process?

- Automate guest sign-ins
- Strengthen office security
- Deliver a branded, seamless visitor experience
