# Frequently Asked Questions

## How do I choose the best topper?

Consider your preferred firmness level, material (memory foam, latex, or wool), specific needs like cooling or pressure relief, and budget.

## Can a topper revive an old mattress?

Yes! A mattress topper can rejuvenate an aging mattress by adding comfort and support, making a significant difference in how it feels.

## How often should I replace it?

Toppers typically last 2-5 years depending on quality and usage. Our latex and memory foam toppers come with 5-year warranties.

## Will it help with back pain?

Yes! Memory foam and latex toppers provide additional support, contouring to your body's shape and relieving pressure points.
