

# Why Global Firms Choose India for GCCs

## Talent Pool

2.25 million STEM graduates each year.

Skilled in Data Science, AI, Cloud, and IoT – driving innovation and global delivery excellence.

## Cost Advantage

Up to 60% lower overheads in Tier-2 cities

Lower operating costs mean higher efficiency and better resource optimization for enterprises.

## Innovation Ecosystem

Thriving startup and R&D environment

A robust mix of IT infrastructure, collaboration networks, and innovation-led culture.

## Policy Support

Government initiatives accelerating GCC growth

Single-window digital setup (15 days), relaxed FDI norms, ₹1.39 lakh crore BharatNet investment, and Digital Economic Zones.
